

### Where tasty is transformed to delicious

It's time to explore the power of steam with the 700 SteamCrisp® Oven. This oven introduces humidity to the cooking process, meaning food cooks at lower temperatures and doesn't dry out. Creating golden, crispy crusts and succulent centres.

## Product Benefits & Features

### Tender inside, crispy outside with SteamCrisp

Say goodbye to average baking and hello to SteamCrisp. Ideal for baking and roasting, it combines steam and traditional heat to cook food gently, meaning dishes won't dry out. Taste and texture are enhanced with steam.

### Precision cooking with our Food Sensor

Thanks to our Food Sensor, you can achieve perfect results every time. It lets you monitor the cooking process by measuring the core temperature of the food. It will even let you know when your food has been cooked to the desired temperature and stop cooking.

### Pyrolytic Cleaning for sustained sparkle

Keeping your oven like new isn't hard work with our smart Pyrolytic Cleaning function. This self-cleaning system heats the oven to a temperature that turns grease and other residue to ash. Meaning you simply need to wipe the bottom. Never spend another day scrubbing.

### The LED timer display sets the best temperature

The LED display suggests the right temperature based on the cooking function you select, so you never need to guess what temperature is best suited for your dish. You can still adjust temperatures manually, and set start and stop times.

### Save time with the Fast Heat Up function

Our Fast Heat Up function makes sure the oven is ready when you are. With a shorter pre-heating time compared to conventional heating, you can turn those spare moments into more memorable meals.

- Built-in oven
- Multifunctional oven with integrated steam functions
- Oven energy class: A+
- Bottom oven energy class: No
- Oven cooking functions: Bottom heat, Conventional/Traditional cooking, Defrost, Fast heat up, Moist fan baking, Pizza setting, Steam assisted fan cooking, True fan cooking, Turbo grilling
- Oven cavity with 3 baking levels
- Fast oven heat up function
- Meat Probe
- Pyrolytic self-cleaning
- Cleaning reminder
- Automatic temperature proposal
- Electronic temperature regulation
- Electronic lock function
- Electronic Child Lock safety function
- Residual heat indication
- Retractable knobs
- Electronic oven functions overview: 2 Pyro cycles, Acoustic signal, Automatic switch off only oven, Check result, Child lock, Count up timer, Demo mode, Door lock indication, Duration, Electronic temperature regulation, End, Fast heat up selectable, Food sensor, Food sensor automatic switch off, Food sensor core temperature indication, Function lock, Minute minder, Oven light on/off selectable, Pyro delayed time, Pyro reminder, Real temperature indication, Reset up counter, Residual heat indication, Residual heat usage, Service codes, Temperature proposal, Time of day
- Halogen oven lighting
- Oven light automatic at door opening
- Easy to clean door
- Fan stops when opening the door
- Cooling fan
- Trays supplied with the oven: 1 Cake tray grey enamel, 1 Dripping pan grey enamel, 1 Patissoire
- Grids supplied with the oven: 1 Wire shelf chromed
- Demo mode
- Electric cable length: 1.6 m
- Service codes

Product Specification

Product Installation	Built_In
Product Typology	BI_Oven_Electric
Product Classification	Statement
Type	Single
Installation	BI
Size	60x60
Oven Energy	Electrical
Cooking	Steam Integrated
Cleaning top oven	Pyrolytic
Nº of cavities	1
Design family	Electrolux 100
Main colour	Stainless Steel
Control Panel material	Metal Frame with Glass on Top
Type of doors	3 Glasses, Brand Logo on Glass, KR Graphic
Type of handle	Metal
Door hinges	Drop Down Equilibrated, Drop Down Removable
Drawer	No
Hob control	No
Thermostat	Top
Type of timer min.	HEXAGON
Electronic Oven Control	Hexagon 5B-T.T.P.F

Feature Electronics
