Highlights

Create a personalised experience with colourful smart light

Transform your home with over 16 million colours, instantly creating the right atmosphere for any event. With the touch of a button, you can set a festive mood for a party, turn your living room into a movie theatre, enhance your home decor with colour accents, and much more.

Set the right mood with warm to cool white light

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.

Dynamic light scenes

Amp up the ambiance of special moments with living light. Use dynamic scenes to create the perfect mood in any situation.

Seamlessly blend colours

Get a seamless blend of multiple colours of light at the same time in a single lamp. The colours flow together naturally, casting light to showcase a unique effect.

Wake up to the colours of the morning sun

Let your Philips Hue gradient light wake you up with the colours of dawn – even if the sun hasn't risen yet – with a Wake up automation set to Sunrise. Watch as your light turns on to the gentle hues of the morning, blending them together and moving them along the length of your gradient fixture. As the light brightens and changes colours, it mimics the sunrise to help you wake up more naturally.
