

Take the guesswork out of frying

The 700 SenseFry Extractor Hob tells you when your frying pan reaches the right temperature and maintains even heat for delicious results. It has a powerful built-in extractor for optimal airflow that rids your kitchen of steam and odours.

Product Benefits & Features

The SenseFry Extractor Hob for confident frying every time

The SenseFry Extractor hob takes the guesswork out of frying. It lets you know when the pan is at the right temperature and then automatically maintains it. No more adjusting the temperature on the way, just delicious results every time.

OdourClean Plus Carbon Filter. Clean and re-use multiple times

The Grease Filter and OdourClean Plus Filter are easy to clean in the dishwasher, so your kitchen air stays fresh, and your fan runs at its best for longer. Carbon filters can after cleaning be regenerated up to 8 times for extended life up to 3 years.

*The stated lifespan is an estimate based on internal testing. Performance may vary depending on individual usage patterns and conditions; actual lifespan may be shorter or longer.

A timeless statement, made with our most scratch-resistant glass

The SaphirMatt® hob transforms the heart of your kitchen with its matt black surface and sophisticated, modern lines. Made with our most scratch-resistant glass for elegance that lasts. Fingerprint-resistant to minimise clean-up effort.

Enjoy twice the creative freedom with the DoubleBridge

Unleash your creativity in the kitchen. With DoubleBridge, you can combine two zones into large cooking areas on each side of the hob, with automatic power alignment for both. Enjoy the freedom to choose multiple pans of various sizes.

Automatic Extractor Control – adjusts as you cook

Automatic Extractor Control allows the hob to automatically switch on and regulate your hood according to your cooking activities, keeping your kitchen fresh while you focus on the food.
