

Natural drying with fresh air

Our 300 AirDry Dishwasher finishes each cycle with a breath of fresh air, performing 3x better than closed-door systems. The door opens automatically during the drying phase using fresh air to get plates and cutlery completely dry.

Product Benefits & Features

3x better drying with AirDry

The new AirDry technology uses natural airflow to finish drying, for up to 3x better performance compared to closed-door systems. The door opens 10 cm towards the end of the cycle, letting air circulate for superb drying results.

Silent feedback, Beam on Floor

The Beam on Floor illuminated feedback system keeps your kitchen quiet. Instead of a loud beep that can be drowned out by background noise, our dishwasher clearly tells you its status by projecting a dot on the floor. Red when it's running, and green when it's complete.

Get the best performance, with machine care

Keep your dishwasher running at its best with the machine care cycle. The specifically designed programme and detergent work together to keep limescale and greasy build-up at bay, so you can enjoy better dishwashing results for longer.

Easy installation, PerfectFit

With PerfectFit Sliding Hinges, it's never been easier to install your new dishwasher. The hinges accommodate all niche machine heights and even remove the need to cut the plinth. You can be confident that your machine will fit into your kitchen perfectly.

- XXL tub
- Auto Off function
- Panel with symbols
- Touch control for programs and functions selection
- Drying system: AirDry Technology
- Dual safety - Floating switch
- Indications for salt and rinse aid
- Ceiling sprayarm
- Height adjustable upper basket, even when fully loaded
- Upper basket with 2 Foldable racks, 2 Foldable wires for glasses, Foldable cup shelves
- Lower basket with 2 foldable tines
- Dishwasher programmes: 90 Minutes, AUTO Sense, ECO, Machine care, Quick 30, Rinse & Hold
- Delay Start
