

SteamBake – for even better baking

SteamBake lets you achieve bakery-style results in your own home. Humidity allows dough to rise fully, creating soft insides with rich, glossy crusts.

Product Benefits & Features
SteamBake for delicious baking

SteamBake lets you create bakery-style results in your own home. Humidity allows dough to rise up fully, creating deliciously soft insides, while dry heat creates rich, glossy crusts.

The healthy way to enjoy fried food

Enjoy all the benefits of a countertop air fryer, without the need for an extra appliance. The AirFry function is built into the oven – designed to work in perfect harmony with the AirFry tray. For crispier vegetables and french fries, without any unnecessary oil.

Multilevel Cooking. Cook more at the same time

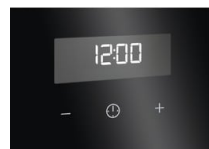

With Multilevel Cooking, the additional heating ring ensures your dishes are perfectly cooked even when loaded with two trays at the same time.

Precision cooking with our Food Sensor

Thanks to our Food Sensor, you can achieve perfect results every time. It lets you monitor the cooking process by measuring the core temperature of the food.

Precise settings with our LED timer display

It's easy to keep track of your dishes with our LED timer display. You can easily set exact cooking times and monitor dishes as they cook. It gives you total control of the oven, so you can unleash your culinary creativity.
