

Sustaining temperature, for impeccable preservation

The 600 MultiFlow technology circulates cold air to maintain a stable temperature. The cooling process preserves food better and prevents it from drying out.

Product Benefits & Features

Flavours always at their peak with MultiFlow

Food is kept at its best with MultiFlow. The technology maintains a stable temperature inside your fridge, preventing your ingredients from drying out. Also creating an environment that keeps food delicious, until your next shop.

Audible Door Alarm

The Door Alarm helps prevent wasted food and energy by alerting you if your appliance door is left open too long.

Choose fridge settings with Electronic Control

The Electronic Controls let you adjust the internal temperature of the fridge, while the LCD display conveniently shows you the temperature.

Premium LED fridge lighting

Enjoy excellent visibility with our fridge's integrated LED lighting. The discreet, energy-efficient bulbs shine a bright light across the whole space. Consuming ten times less energy than standard lighting.
