

#### Use steam for tender, crispy cooking

600 SenseCook® Oven with SteamCrisp® helps you achieve exactly what you want to. Combining steam and traditional heat makes meat juicier and fish up to 20% more tender compared to a non-steam oven. Perfect for roasting and baking recipes.

Based on external test comparing tenderness of chicken (up to 4% more) and salmon (up to 20% more) cooked with and without combining steam and hot air.

### Product Benefits & Features

#### SteamCrisp® makes meat crisper on the outside, juicier inside

The SteamCrisp® multifunction oven combines heat and steam to bake and roast. This combination keeps dishes crispy on the outside and juicy on the inside – meat is juicier and fish is up to 20% more tender than when cooked in a non-steam oven.

Based on external test comparing tenderness of chicken (up to 4% more) and salmon (up to 20% more) cooked with and without combining steam and hot air.

#### The Food Sensor helps you cook with confidence

The Food Sensor helps you create delicious meals every time by continuously measuring the temperature in the center of your food. When it reaches the right temperature, the oven lets you know and stops cooking.

#### Touch display for easy access and full control

Easily set your oven and track cooking progress with the intuitive LED display EXPlore+ Touch. The screen shows function, time, temperature and status, while the touch buttons provide quick access to pre-programmed cooking functions.

#### The Soft-Closing Door quietly makes a statement about quality

The Soft Closing and Opening Door system is effortless to the touch and operates smoothly and silently and soundlessly. A premium feel every time you use the oven.

- Touch control
- Soft Closing
- Food sensor with auto switch off-function and residual time indication
- 3 pyrolytic cleaning programs
- Cleaning reminder
- Fast oven heat up function
- Electronic temperature regulation
- VarioGuide
- Automatic temperature proposal
- Residual heat indication
- Cooling fan
- Child Lock safety function for control panel
- Door lock
- Accessories included: 1 AirFry tray wire mesh, 1 Dripping pan grey enamel, 2 Cake tray grey enamel, 1 Wire shelf chromed
- Catalytic converter
- Multilingual oven display
