

Efficient, effective cleaning. Spacious, flexible baskets

The 7000 series delivers water efficient and effective cleaning performance. A new water system uses as little as 8.4 litres of water when running the ECO cycle. Large-capacity, flexible baskets with foldable sections for easy loading.

Product Benefits & Features

AquaSave: Efficient on water. Strong on results.

Our re-engineered water control system activates each spray arm individually, directing water only where it's needed. This reduces water use to as little as 8.4 L with the Eco program—without compromising cleaning results.

EasyFlex baskets: Spacious, flexible, and easy to load

Redesigned, smooth-gliding EasyFlex baskets have anti-slip rubber spikes to keep glass ware and delicate items from colliding. Two rows fold to create space for large or oddly shaped crockery. Cutlery drawer even fits whisks and ladles.

Finishes drying with fresh air

AirDry finishes drying with natural airflow. The door automatically opens towards the end of the cycle, letting room-temperature air into the dishwasher. Up to 3x better drying compared to closed door system.

ExtraSilent: Even less noise, whenever you need more calm

Whenever you want an especially quiet kitchen while the dishwasher is running, activate ExtraSilent on the control panel or in the app. It reduces the already low noise level of the 90- or 120- minute cycle by up to another 2dB.

- Interior light
- Delay Start
- AirDry
- AquaSave:
- AutoProgram
- Auto Off function
- Upper basket with 2 front folding tines for glasses, 2 Soft Spikes, Foldable cup shelves, Plastic handle AEG
- Lower basket with Low flat rack frame, 4 rear foldable tines, plastic handle
- Options: Extra Silent, GlassCare, XtraPower
- Dishwasher programmes: 120 Minutes, 60 Minutes, 90 Minutes, AUTO Sense, ECO, ExtraSilent, Machine care, Quick 30 Minutes, Rinse & Hold
