

Effectively and easily cleans your dishes

The Electrolux 500 series delivers clean dishes and finish drying with fresh air. Enjoy easy operation, generous loading space and height-adjustable upper basket.

Product Benefits & Features**Uses fresh air to finish drying**

AirDry uses fresh air to finish drying the dishes. This makes the drying performance up to 3x better compared to a closed-door system. The door automatically opens towards the end of the cycle to let in fresh air.

**Clean dishes in only 30 minutes**

When you need clean dishes in a hurry, use the QuickClean to get clean dishes in 30 minutes.

**When you have a partial load, just rinse and do a full wash later**

If it takes you a few days to fill up the dishwasher, use the QuickRinse programme. This will prevent dried food from sticking to dishes and keep odours from building up in the meantime.

- Delay Start
- Indications for salt and rinse aid
- AirDry
- Upper basket with Foldable cup shelves
- Lower basket with Fixed tines
- Options: None
- Dishwasher programmes: 120 Minutes, 90 Minutes, ECO, QuickClean, QuickRinse
