

Wash and dry in one go. Or refresh with steam and save up to 96% of water*

Wash, dry or steam, all in one machine. With the 700 SteamCare Washer Dryer you can wash and dry even wool without shrinkage. Or use steam instead of the full wash cycle, which takes only 25 minutes and saves 96% of water.*

*Based on internal test of water consumption comparing SteamRefresh with full wash 30°C Delicate programme using a 1kg load.

Product Benefits & Features

Refresh with steam and wear it again, saving up to 96% of water.*

The 25-minute SteamRefresh programme is suitable for delicate garments and uses less water than regular washing. For an even fresher feel, you can add Electrolux Steam Fragrance.

*Based on internal test of water consumption comparing SteamRefresh with full wash 30°C Delicate programme using a 1kg load.

No shrinkage guaranteed while washing and drying with DualCare®, even for wool*

DualCare® lets you wash and dry with confidence. This Woolmark Blue-certified machine, with tailored temperatures and drum movements, effectively washes and dries even outdoor jackets and wool sweaters with no shrinkage guaranteed.*

*Comparable with flat drying.

OneGo 20/60min – wash and dry in only one hour

With OneGo 20/60min, you can wash and dry small mixed loads in just one hour or wash in only 20 minutes. Enjoy quick, convenient clothes care when you're in a hurry.

Optimise time, water and energy use with load-sensing technology

AI Wash&Dry Assist uses advanced load-sensing technology driven by AI algorithms to adjust cycles*. When washing and drying smaller loads, it automatically reduces time, water and energy use by up to 40% compared to a full load cycle**.

*Based on Load weight detection algorithm that has been pre-trained based on a variety of loads. No user data is used to further train the AI. ** Internal test for time, water and energy consumption of a 30°C Cotton cycle optimized with AI Wash&Dry Assist for 1kg vs maximum load. Reduction may

Inverter Motor+ engineered for precision

Inverter Motor+ is the advanced evolution of the inverter motor. Its permanently magnetized rotor eliminates the need for magnetization, delivering precise control and consistency, and enabling accurate load recognition through a dedicated algorithm.

- Freestanding washer-dryer combination
- Condense dryer: the moisture is condensed into a water container, no air evacuation needed
- Washing capacity: 10.5 kg
- Drying capacity: 6.0 kg
- Max. spin speed: 1600 rpm
- Large gentle Protex drum
- Anti-flood protection
- Automatic drying
- Wool program that allows 'wool' labelled items to be washed by machine
- Steam programs
- Woolmark Blue
- Programs: Cottons, Delicates, Eco 40-60, Hygiene, Jeans, Machine Clean, OneGo 20/60Min, Outdoor, Quickcare 69Min, Rinse, Spin/Drain, Steam Refresh, Synthetics, Wool

Product Specification

Nordic_WD_FamilyName	700
Energy efficiency class, legal (E20)	A
Energy efficiency class WD	D
Load, kg - 3rd Generation	
Performance, Programs (E20): Eco 40-60 Full Load	10.5
Drying capacity, kg (3rd Gen)	6.0
Drum volume, l	68.5
Nordic_Laundry_MotorType	Inverter
Porthole diameter, cm	49
Dimensions HxWxD in mm	847x597x636
Depth max, mm	658
Depth open door	1101
Feet/Wheels	4 adjustable feet
Max spin speed, rpm	1600
Spin drying efficiency class	B
Energy consumption cycle, WD wash cycle, kWh/kg	0.521
Energy consumption cycle WD, kWh/kg	3.069
Airborne acoustical noise emissions, dBA re 1 pW	76
Airborne acoustical noise emission class	B

Washing efficiency index (3 digit, E20)	1.031
Cycle duration, program Eco 40-60, h:min	3:59
Cycle duration WD program Eco 40-60, h:min	7:45
Water consumption / cycle, l (E20)	49
Weighted remaining moisture content, %	53
Net weight, kg	77
